Live Grant Opportunities

The grant opportunities listed below are currently live.

Offerors are invited to review the application documents to fully understand the technical scope of work, evaluation criteria, and instructions for format and submission of grant concepts.

Please note that offerors are not required to be members of the USAID Africa Trade and Investment Partner Network to submit a concept in response to a grant opportunity.

Continental Annual Program Statement

This APS offers the opportunity to partner with USAID to work towards increasing trade, driving investment, or improving the business environment. These performance-based grants will generally range between \$150,000 and \$5 million although smaller and larger grants may be considered. The addenda below are components of this APS.

Please note: The submission deadlines for the continental APS and associated addenda below have been **extended to July 31, 2024**. Additionally, data reporting will be required through the end of the Africa Trade and Investment program rather than the end of the grant in order to track longer term results and impact.
